

SPACE MAGIC!

Space Magic is a fun and fast-paced magic show with lots of audience participation. Children will learn about sci-fi books with Orac the alien. Everyone in the audience will be part of a space race. Children will learn the difference between science fiction and real science. There will be tons of alien puppets from all over the galaxy. And, for the grand finale, kids will take part in a hilarious

flag routine where they will learn about the American flag that astronauts put on the moon. This show is for children five and up.
