

The Bubble Show!

Children love bubbles. Just blow a few bubbles for your children and watch how excited they get. Professor Pop turns up the fun with a show FULL of bubble tricks! This show has bubbles inside bubbles, square bubbles, giant bubbles, bubble themed magic tricks, and so much more!

This is a show where the kids get to be involved. Professor Pop teaches kids how to do their own bubble tricks with things that they can find at home! Children also get to be a part of several routines and at the end, a child will actually be INSIDE a giant bubble.

Professor Pop uses the ONLY Bubble Soap to be approved by The Department of National Parks, to be used on the South Lawn of The White House. He brings six mats to protect floors. Each one is designed to hold a gallon of liquid without leaking... and he only brings two gallons of liquid.

Here are some of the best features of the bubble show:

- Lots of audience participation
- Children will learn scientific method
- Brett will teach bubble science facts
